

A	Decision Variables				
	X =				
	Y =				
—					
B	Sumarize in a table				
—					
—					
—					
—					
—					
—					
—					
—					
C	Write the objective function P				
—					
—					
—					
D	Write the problem constraints and non-negative constraints				
—					
—					
—					
—					
—					
—					
—					
E	Graph the feasible region.				
—					
—					
F	Corner points	Objective value			
—					
—					
—					
—					
—					
—					
—					
—					
G	Maximum objective =				
	Minimum objective =
